## Principal's Letter

Dear Daves Avenue Families:

Many of our teachers went before the Board of Trustees for Los Gatos Union School District Monday night to present work in the area of mathematics instruction. Teachers Jana Morse, Lisa Gessner, Mary Hellman, Julia Holman, Rebecca Setziol, Megan Mahoney, Julie Young, and Libby Rosenbaum showcased work in the area of lesson study and teaching through problem solving, both of which have had a tremendous impact on student engagement and confidence in the area of math. I would encourage you to attend our Site Council meetings in order to learn more about our initiatives in the area of curriculum and instruction.

Our community truly sets us apart! Our Home & School Club sponsored **Family Fun Night** was a huge success. I want to especially thank **Michele Grancell and Barbara Black** for co-chairing this event. I am always amazed by the level of commitment from our volunteers. Friday's event was phenomenal!

We also were able to promote bike safety, by hosting our **4th grade Bike Rodeo** last week on the blacktop. This event was made possible by the hard work of **Donna Leu**, our Safe Routes to School coordinator. In partnership with the Los Gatos & Monte Sereno Police Department, parent volunteers simulated traffic conditions on our blacktop in order to teach bicycle and pedestrian safety. I found the event both fun for the children and educationally valuable.

Sincerely,  
**Kit Bragg**  
Principal, Daves Avenue Elementary School

### Please Join Us at our Next H&SC Meeting! Thursday, October 1st at 8:30am in the MU

District Math Specialist Jana Morse and Daves Avenue teachers Megan Mahoney, Lisa Gessner, and Rebecca Setziol will present on the lesson study for math. Additionally, CASA will also give a presentation at the meeting. Join the fun and take part in the raffle!

## Calling all 4th and 5th Graders! Announcing the Blossom Hill and Daves Avenue 2015-2016 School Play:

**A Musical Comedy that reminds us to follow our dreams!!**

The local high school is facing budget cutbacks and the school's drama club is caught in the cross hairs. In an effort to avoid certain disaster, Pam, the president of the high school drama club, rallies her fellow actors and attempts to put on a huge production of Peter Pan. Across campus, Coach Rook, the captain of the football team, has other plans. Also facing a budget crisis, he enlists his *Pirates* to wreak havoc on the drama club. Before long, football players are auditioning for parts, cheerleaders become mermaids, and even students from detention play the Lost Boys. Just when all seems lost, star quarterback Tinkerman, who plays – you guessed it – Tinkerbell, sacrifices everything, including his football career, so the show can go on and Pam can see her dream come true! This refreshingly clever and fun homage to the original classic is full of heart and will remind both the young and the young-at-heart to always follow their dreams!

## Daves Avenue Bike Rodeo a Huge Success!

I am so excited to share with the entire school how extremely well our **4th Grade Bike Rodeo went on Tuesday, September 15th**. The entire 4th grade class learned some basic bicycling skills, bicycle safety and rules of the road.

The students learned:

- Controlled riding, right turn and stop
- scanning and moving left
- driveway yielding
- intersections, yielding and eye contact
- wearing a helmet

I would like to thank everyone who helped with the Rodeo: the parents, teachers/staff/principal, police department, and community volunteers who all helped with running the bicycle stations, fitting helmets, pumping up tires, organizing bikes and teaching students. Lastly, I would like to thank the students who came prepared for the Rodeo and were very attentive and cooperative. The Rodeo was a huge success!

I look forward to continuing the Rodeo for years to come.

### More about the film:

For most of the last century, entry-level jobs were plentiful, and college was an affordable path to a fulfilling career. That world no longer exists. The feature-length documentary *Most Likely To Succeed* examines the history of education, revealing the growing shortcomings of our school model in today's innovative world. Directed by acclaimed documentarian Greg Whiteley, the film has been named "among the best edu-documentaries ever produced" by Education Week, and called a "smart and engaging look at education in the 21st century" by The Hollywood Reporter. Film Threat stated that "this film should be a required course for all parents and educators." *Most Likely To Succeed* is an official selection of many of the nation's top film festivals, including the prestigious 2015 Sundance Film Festival and Tribeca Film Festival.

### Education Foundation News

Let's Be Great! Together, We Educate.

#### Why Do Public Schools Need Private Funding?

**LGEF and your campus Home and School Club need EVERY parent to donate, donate, donate.** The competitiveness of our schools is directly related to the curriculum and resources they offer. Our taxes only fund 75% of the cost of educating our children. That covers only a basic curriculum. Your LGEF donation pays for your child's science materials, music teacher, art teacher, and counseling services. Your Home and School Club donation pays for an array of services, resources and programs specific to your child's campus. Do your share. [Donate today](#) and keep these programs strong.

#### See How Your Tax Dollars Are Distributed To Schools
