## PRINCIPAL'S MESSAGE

Dear Parents/Guardians:

As the year comes to a close, and we are sending your families off to enjoy the summer, I would like to take the time to thank each of you for sharing your children with us this year. I have been honored to have joined the Daves community this year. It has been an experience filled with events that have brought us closer together as a community. I would also like to thank you for your ongoing support throughout the year. Daves could not offer such a rich education to our students without the continuing effort and support that you all give.

The entire community appreciates the dedication of the Home and School Club members led by Carolyn Harnish this past year. Her genuine interest in every child's education was evident throughout the year and the students benefitted from her leadership. We appreciate and thank all our volunteers for the countless hours involved in so many of the behind the scenes activities to support our school.

I would like to thank the staff for their dedication and commitment to providing an academically challenging experience for your children. The teachers have provided rich learning activities in caring classroom environments. Also, thank you to our wonderful support staff. You have consistently demonstrated a high degree of dedication and handled the incredible demands (and interruptions) with kindness, skill, and efficiency. We are indeed fortunate to have such caring people work with our children each day.

I would especially like to thank the students for their hard work, enthusiasm, and creativity they brought with them to school each day. It seems like it was yesterday when we were welcoming them to the new year.

**Continued on Page 2...**

Continued from page 1...

Students learned to work together, read, took on new challenges to solve problems, explored scientific principles, performed in plays, invented new games, and grappled with understanding new mathematical concepts. They were busy! We were busy! They had fun! We had fun! We can't believe it is time to bring the year to a close.

Sadly, it brings us to the time of the year to say farewell to some of our families. Our Fifth graders and their parents will head into Fisher, and some families are moving to take on new challenges in other parts of the world. We would like to take this opportunity to wish those students and families leaving us this year all the best in their new schools and homes. For those of you returning to us next year, school will begin bright and early on August 17<sup>th</sup>. The staff and I will be ready to welcome your children back with the enthusiasm each new year brings.

I wish you and your family a safe and enjoyable summer filled with rest, relaxation, and great adventures.

Sincerely,

**Iqbal Chadda**

Principal, Daves Avenue Elementary

### OhmConnect - Save Energy & Get Paid!

#### **Daves Avenue! Help the environment and raise BIG MONEY for the school FOR FREE.**

Daves partners with OhmConnect to get cash for Daves by having our school families conserve electricity at home during high-use energy times, with alerts called "Ohm Hours". You simply load your smart devices into their system OR manually turn them off for 1 hour when alerted - they tell you a day ahead of time when the Ohm Hour will be. We raised nearly \$1,000 this year from 12 families, and now we are up to 22 families - if you register then we will possibly generate thousands of dollars over the summer (by turning off your AC or car charger or pool pump for 1 little tiny hour).

It is super easy. You don't need to do all of them, there are 2-4 per week it seems. You'll need your online user ID for PG&E when you register. OhmConnect can only see the activity on the smart meter on your home, it cannot see your banking information or other personal details. Use OhmConnect's energy service to "Save Energy & Get Paid" Click here to get started: [ohm.co/davesav1](http://ohm.co/davesav1)

### Mrs. Ellis' Farewell PE notice!

Dear Parents,

This past two weeks I handed out the K-3 Mileage Club awards. Mileage Club is offered weekly, for grades 1-3, during Friday lunch. For each mile the kids run (4 laps), they earn a 'foot token' to go on a chain. Kindergarten have a structured Mileage Club during PE whilst everyone else either chooses to run, for fun, or their teachers tally the miles they run during their classroom breaks. Different award tokens are given for the mile, for a marathon and for filling up their running tally card (32 miles). The main categories are; the most miles run in their grade; the most miles run by a student in all the participating grades and finally the most miles run by a class as a whole. Here are the results for the 2016/17 year.

### CONGRATULATIONS EVERYONE

#### First Grade

Most miles run: 13 miles each!  
Catalina, Arshan and Chloe all in Ms. Pescatore's class.

#### Second Grade

Most miles run: 32 miles!  
Jack in Ms. LeMenager's class.

#### Third Grade

Most miles run: 79 miles, including 3 Marathons!  
Cyrus in Mrs. Larkin's class.

#### Most miles run by a student in grades 1-3

Cyrus is Mrs. Larkin's class for 79 miles!

#### Most miles run as a class

Congratulations Mrs. Larkin's classroom for running a total of 899 miles throughout the school year!

We've had some pretty rough weather this year for PE, but the kids were adaptable at the many last second decisions made and we created multiple new games dependent upon weather and room conditions.

If any of you have a batting cage or just like to play baseball, please send your kids to see me as I have collected a record number of baseballs from our field this year! Please send them with a labelled bag which they will fill, and leave in the front office until the end of the school day.

**Finally, I would like to announce that this will be my final year teaching your wonderful children. It was not an easy decision but the stars seemed to line up and tell me it was time. I've been lucky enough to complete two, five year 'terms' as the Daves Ave PE coach and it been my joy and pleasure to do so. I know I will see many of the students around town as I still do with my first Daves students who are now turning 28 years old!**

I wish you all a happy summer.

Yours in health,  
Sally Ellis PE
